

Scenario:

New safety protocols are being introduced in the engineering workshop after recent incidents.

Instructions:

Write a memo that:

- Lists the new safety rules clearly
- Explains why these changes are necessary
- Encourages staff compliance and cooperation
- Uses formal and respectful language

Guides:

- Proper memo format : Includes To, From, Date, and Subject lines
- Clear explanation of safety procedures Key rules and reasons for change clearly presented
- Encouragement for compliance : Motivational language to ensure cooperation
- Tone and professionalism : Formal and respectful tone throughout
- Grammar and spelling Minimal errors

To: All Engineering Faculty and Non-faculty Staff

From: Safety Department

Date: September 23, 2026

Subject: Updated Safety Protocol

This memo is to inform faculty and non-faculty staff regarding the new safety protocols that are to be implemented after recent incidents.

The implementation will start to take place on the soonest company-hosted workshop: Monday, September 28. All safety protocols are to be followed for events being held online and on-site. The purpose of this update is to uphold safety for all students and staff during workshops. The safety department has reviewed the incident and has provided the following rules for adherence: students and staff must wear proper personal protective equipment upon entering the workshop, staff must check on all equipment prior the workshop, and staff must ensure no damages were incurred after the workshop.

All Engineering faculty and non-faculty staff are requested to adhere to the updated safety protocols upon the day of implementation. If you have any questions or concerns, please contact the head of the safety department: safety.engineering@gmail.com. Thank you for your cooperation.
