Subject: Clarification Regarding Design Blueprint

Dear Mr. Luke Chiang,

Thank you for taking the time to review our submitted design blueprint. We would like to discuss more background and details regarding the design in a meeting with all stakeholders supporting this project.

The modifications on our design were considered with much thought to comply with your interests and with system safety standards. For a more comprehensive discussion regarding the design and revisions, my team and I would be happy to schedule a virtual meeting at your convenience. Please let me know your availability for the week and I will set up the invitation accordingly.

Thank you for working with us. We look forward to completing this project with you.

Best regards,
